

The New  
Hyundai i40

# Accomplished, refreshed and refined. The new i40.

Easily identifiable by the latest interpretation of the signature Hyundai hexagonal grille, the new i40 offers uncompromised comfort and capability within its sleekly elegant bodywork. LED fog lamps and a crisply sculpted front bumper combine with the new grille and new alloy wheels to create a distinctly dynamic impression. Available as a Sedan or Wagon, the new i40 is a serious alternative in its class.

But looks aren't everything. This new i40 also comes with significant functional and technological upgrades that enhance the total driving and ownership experience.

# Cultivated performance. Comforting versatility.

Within its flowing contours the new i40 offers a convincing synthesis of performance and economy delivered by the revised range of diesel engines, all of which are Euro6 compliant.

Whether you choose the Sedan or Wagon, the carefully crafted interior of this new i40 will make each journey even more rewarding.

## An engaging blend of premium design and technology.

The more we invest in your car, the more you'll get out of it. And our most important investment is quality, a commodity that is evident throughout the new i40. Wherever you look, wherever you touch. Quality is also engineered into the available state-of-the-art technologies that can be specified in your i40, keeping your journeys as safe and stress-free as possible.

Here are just a few examples of the user-friendly technologies that make driving your i40 such a pleasure.

**Heated seats.** Bringing an extra dimension, the heated elements embedded in the front seats quickly warm you up on the coldest winter morning.\*  
\*Available on the Executive Plus model only

**Connected:** High levels of connectivity are accessed via the central 7" Touch Screen Sat Nav with Tom Tom Live Services, Android Auto, and Apple CarPlay. When reverse gear is selected the camera feeds a live view of the area behind the car to the 7" Touch Screen.\*  
\*Available on the 2017 Executive model only

**Auto Cruise Control with Speed Limiter.** Simply set the speed you want and the car will maintain that speed until you intervene by braking, accelerating or changing gear. The speed limiter function can be set to prevent unintentional speeding.

Image for illustrative purposes only, please contact your main Hyundai dealer for more information.

## Distinctly elegant. Decidedly practical.

The dynamic lines of the new i40 Wagon encompass a roomy passenger compartment and class-leading variable luggage space. Enjoy all the qualities and comfort of the i40 with the additional ability to accommodate as much, or as little, as you choose.

**60/40 seat folding.** For added versatility, the rear seat backrests feature a 60:40 split, so you can still carry the cargo plus a rear seat passenger or two.

**Reclining rear seats.** A two-step reclining function offers rear seat passengers ultimate comfort on long journeys.

**Variable load space.** The rear seats feature a 60:40 split-folding backrest with a one-touch folding system, so you can still carry large amounts of luggage as well as a rear seat passenger or two. With all rear seats folded, the load space expands to 1719 litres (i40 Tourer version).

**Full-flat folding rear seats.** Rear seat backrests have been designed to fold flat into the floor so that the extended cargo space is perfectly smooth and even.

**Rear seat entertainment cradle for iPad® & Business suit hanger.** The cradle fits securely to the front seat back and allows the iPad® to be rotated or tilted for optimal viewing. At the same time the business suit hanger can be used for the most elegant and convenient way to keep clothes tidy and crease-free during a journey.

## And there's more!

Hyundai Genuine Accessories have been created to help you enjoy even more fun and versatility with your new i40. All are precision-made using high quality materials, so that they will fit your car perfectly. And they meet the rigorous manufacturing standards demanded of all products carrying the Hyundai name.

**Hyundai Glasscoat.** Protecting your car inside and out has never been easier with Hyundai Glasscoat paint, alloy wheel and fabric protection package. Your vehicle will retain that showroom finish long after you've driven off the forecourt.

**Textile Floor Mats, Velour & Blue LED Lighting Foot Area.** High quality velour mats provide protection that keeps the interior looking clean and new. The LED lighting provides a welcome illumination that automatically switches on and off with the opening and closing of the front doors.

**Wind Deflectors.** Reduces turbulence when driving with a slightly open front window. The aerodynamically formed deflector redirects the airflow and deflects the raindrops.

**Cargo Separator.** Fitting perfectly between the rear seatbacks and the roof, this robust product protects vehicle occupants from the movement of items in the trunk. The easy to install grid is designed not to restrict the driver's rearward view.

**Roof Rack, Aluminium & ProRide Bike Carrier.** This robust but light-weight roof rack provides a secure platform for a range of roof carriers. The ProRide bike carrier has a quick-mount system with a self-adjusting frame holder that allows a convenient wheel securing.

**Fixed Towbar.** Ideal for regular use, this fixed tow bar features a high-quality corrosion-resistant coating.

**Rear Bumper Protection Foil, Transparent.** Resilient, transparent protective foil for the top surface of your car's rear bumper. Prevents damage to the painted surface while loading and unloading.

# So much choice. You decide.

We're all different, and we all have our own preferences and priorities. The new i40 is available in a wide range of exterior colours, complemented by three interior colour packages. All have been created to help you add your own a personal touch, which you can extend with your choice of optional equipment and accessories. Your local Hyundai dealer will help and advise you with your selection.
